First Aid Kits **DETECT**

i Did you know?

The first aid dressing case for the food and food industry is based on the standards DIN 13 157 and DIN 13 169 with detectable plasters.

All plasters prescribed in the DIN filling are already contained in these DETECT first aid kits as detectable plasters.

Metal incorporated in the detectable products is detected by metal detectors.

The striking blue color of the detectable The use of the product display also supports visual recognition and ensures hygiene, safety and quality in production.

Business First Aid Kit MINI detect

Compact first-aid box made of plastic, equipped according to DIN 13 157, dust-tight, including wall bracket, for stationary use.
All plaster products blue and detectable (except roll adhesive plasters, blue only).

Dimensions: approx. 260 x 85 x 180 mm
Color: orange

Art.Nr.	Version	PU
418.035.91511	First aid kit with contents according to DIN 13 157 / Plasters detectable	1 pc.
318.000.15730	Refill set for 418.035.91511	1 pc.

Business First Aid Kit DOMINO detect

Impact and break-proof dressing case made of ABS plastic, equipped according to DIN 13 157, with wall mounting and rubber seal, adjustable interior division, mobile and stationary use, lock can be sealed. All plaster products blue and detectable (except roll adhesive plasters, blue only).

Dimensions: approx. 280 x 115 x 200 mm
Color: orange, with first aid symbol and inscription „First Aid“

Art.Nr.	Version	PU
418.035.00210	First aid kit with contents according to DIN 13 157 / Plasters detectable	1 pc.
318.000.15730	Refill set for 418.035.00210	1 pc.

Business First Aid Kit MULTI detect

Impact and break-proof dressing case made of ABS plastic, equipped according to DIN 13 169, with wall mounting and rubber seal, adjustable interior division, mobile and stationary use, lock can be sealed.
All plaster products blue and detectable (except roll adhesive plasters, blue only).

Dimensions: approx. 420 x 150 x 330 mm
Color: orange, with first aid symbol and inscription „First Aid“

Art.Nr.	Version	PU
418.035.00410	First aid kit with contents according to DIN 13 169 / Plasters detectable	1 pc.
318.000.16930	Refill set for 418.035.00410	1 pc.

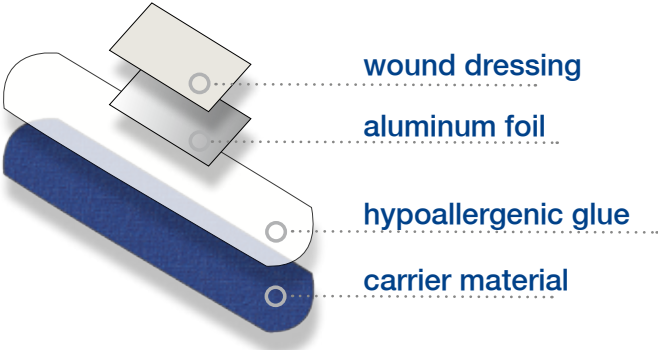

Reliably recognizable wound dressing

Metal incorporated into the detectable products is recognized (detected) by metal detectors. The conspicuous blue color of the detectable products also supports visual recognition and ensures hygiene, safety and quality in production. If you use X-ray detectors, we recommend using the  **GRAMM medical** *X-RAY* Plaster.

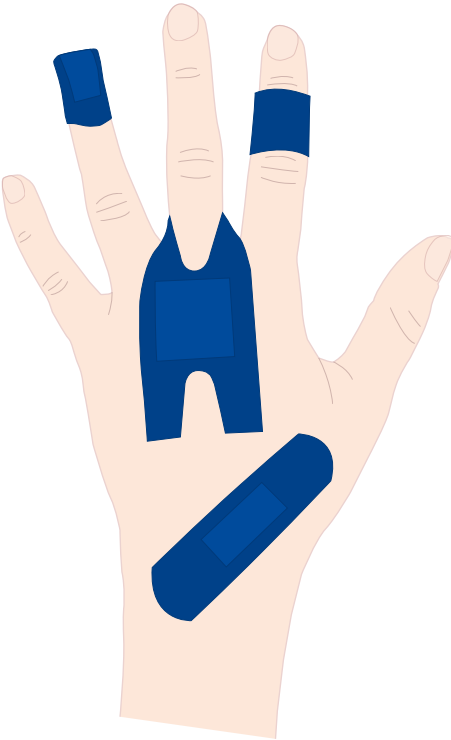

-  hypoallergenic
-  electromagnetically detectable
-  water-repellent/elastic
-  breathable

Detectable Plasters are mandatory for the following certifications:

- BRC (British Retail Consortium)
- IFS-Certification (International Food Standard)
- .. and recommendable to:
- HACCP (Hazard Analysis Critical Control Point)

Did you know?

Detectable plasters with a metallic insert have established themselves in food processing as well as in the entire processing and user process as part of quality assurance.

Actiomedic® DETECT Plasterstrips

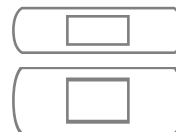

Hypoallergenic and detectable plaster strips, individually sealed, available in two versions.

Size: 19 x 72 mm
50 x 72 mm

Color: blue

Material: textile fabric

Content: 100 pcs.

Art.Nr.	Version	PU
336.023.29651	19 x 72 mm, DETECT, ELASTIC	20 Pack
336.021.05072	50 x 72 mm, DETECT, ELASTIC	20 Pack

Actiomedic® DETECT Plasterstrips

Water-repellent and detectable plaster strips, individually sealed.

Size: 19 x 72 mm
Color: blue

Material: PE

Content: 100 pcs.

Art.Nr.	Version	PU
336.021.13306	19 x 72 mm, DETECT, AQUATIC	20 Pack

Actiomedic® DETECT Finger bandages

breathable, hypoallergenic and detectable finger dressings.

Size: 12 x 2 cm
Color: blau

Material: textile fabric

Content: 100 pcs.

Art.Nr.	Version	PU
336.023.39531	12 x 2 cm, DETECT, ELASTIC	20 Pack

Actiomedic® DETECT Finger bandages

breathable, hypoallergenic and detectable finger dressings.

Size: 12 x 2 cm
Color: blue

Material: PE

Content: 100 pcs.

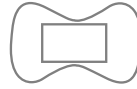

Art.Nr.	Version	PU
336.021.11306	12 x 2 cm, DETECT, AQUATIC	20 Pack

Actiomedic® DETECT Fingertip bandages

Breathable, hypoallergenic and detectable fingertip bandages, individually sealed.

Size: rbt. 43 x 68 mm
Color: blau

Material: textile fabric
Content: 50 pcs.

336.021.12306	5 m x 6 cm, DETECT, AQUATIC	10 Pack
336.023.19683	5 m x 8 cm, DETECT, AQUATIC	10 Pack

Kombi-Plaster set DETECT

28-piece combination plaster set, all plasters in detectable version and in blue. (Suitable for DIN 13 157 & 13 169 equipment).

Content: 4x Plasterstrips 19 x 72 mm Material: PE + textile fabric
8x Plasterstrips 25 x 72 mm
4x Finger bandages 12 x 2 cm
4x Fingertip bandages ca. 43 x 68 mm
8x Bandages 6 x 10 cm

Art.Nr.	Version	PU
363.020.05100	Plaster set in foil bag	50 Stück

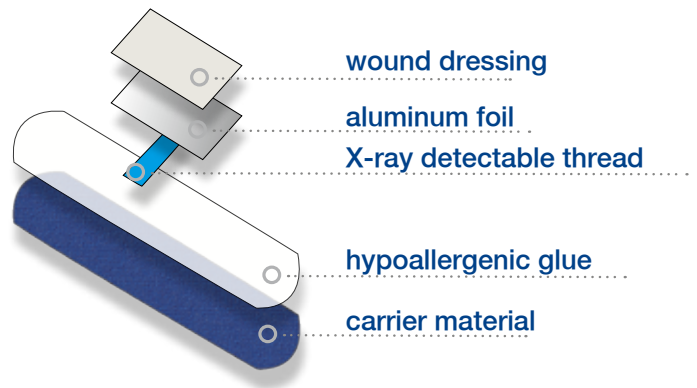

X-Ray detectable Plaster

Did you know? X-Ray patches are detected electromagnetically by metal detectors and also by X-ray detectors.

X-RAY Plaster are:

- ✓ hypoallergenic
- ✓ electromagnetically detectable
- ✓ water-repellent/elastic
- ✓ breathable

How is this possible? To the one for metal detectors proven aluminum foil are additionally threads added, which are detected by X-ray machines.

! Note: Before use, make sure that the patches are tested on your facilities in test mode.

Actiomedic® X-RAY Plasterstrips
